Product Owner:
Pia Celestino

Mentors:
Francisco Ortega
Pia Celestino

Instructor:
Masoud Sadjadi

Date: 1/19
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:00PM
End time: 8:30PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. This was the first scrum meeting
- What is planned to be done until the next scrum meeting?
    1. Finish product backlog
    2. Setup project environment
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. This was the first scrum meeting
- What is planned to be done until the next scrum meeting?
    1. Finish product backlog
    2. Setup project environment (download webStorm and all dependencies)
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Date: 1/20
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Project environment was set up
- What is planned to be done until the next scrum meeting?
    1. Finish product backlog
    2. Research and set up MongoDB
    3. Work on Login sequence diagram
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Project environment was set up
- What is planned to be done until the next scrum meeting?
    1. Finish product backlog
    2. Research and set up MongoDB
    3. Work on Register sequence diagram and class diagram

- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Date: 1/21
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. MongoDB was set up
    2. Login sequence diagram
    3. Login class diagram
- What is planned to be done until the next scrum meeting?
    1. Research sessions for Node.js
    2. Begin coding Login user story
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Installed MongoDB on my machine
    2. Installed Node.js
    3. Register sequence diagram
    4. Register class diagram
- What is planned to be done until the next scrum meeting?
    1. Research sessions for Node.js
    2. Begin coding Register user story
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Date: 1/22
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 2:30PM
End time: 3:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Began Login user story (created UI, userModel, etc)
- What is planned to be done until the next scrum meeting?
    1. Continue working on Login user story
    2. Create user sessions
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Student2: Rachelle Tobkes

- What was done since the last scrum meeting?
    1. Made Register UI
- What is planned to be done until the next scrum meeting?
    1. Work on Register user story
- What are the hurdles?
    2. Waiting on Pia to send us the rest of the product features

Date: 1/25
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Worked on Login user story
    2. Refined diagrams
    3. Worked on user sessions
- What is planned to be done until the next scrum meeting?
    1. Unit testing for Login
    2. Design homepage UI
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Worked on Register user story
- What is planned to be done until the next scrum meeting?
    1. Work on Register user story
    2. Email verification
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Date: 1/26
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
End time: 9:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Finished coding Login user story
    2. Unit tested Login
- What is planned to be done until the next scrum meeting?
    1. Integration testing for Login
    2. User Manual login
    1. Begin logout
- What are the hurdles?

1. Waiting on Pia to send us the rest of the product features
2. Need our own repository on Github (emailed Sadjadi)

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Finished coding register user story
    2. Researched selenium
    3. Unit tested register
- What is planned to be done until the next scrum meeting?
    1. Integration test Register
    2. User manual register
    3. Update tasks on mingle
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features
    2. Waiting on Sadjadi to create our own repository on github

Date: 1/27
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Finished coding Logout user story
    2. Updated mingle tasks
    3. Finished Login user manual
- What is planned to be done until the next scrum meeting?
    1. Integration testing for Logout
    2. Unit testing Logout
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Implemented email verification
    2. Updated tasks on mingle
- What is planned to be done until the next scrum meeting?
    1. Integration testing fort Register
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Date: 1/28
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
End time: 9:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Finished all testing for login
    2. Finished all testing for logout
    3. Finished Login user manual
    4. Finished Logout user manual
    5. Refined Documentation
- What is planned to be done until the next scrum meeting?
    1. Sprint Retrospective
    2. Sprint Review
    3. Sprint Planning
    4. Meeting with Pia
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Finished testing for Register
    2. Finished User manual
    3. Updated documentation
- What is planned to be done until the next scrum meeting?
    1. Sprint Retrospective
    2. Sprint Review
    3. Sprint Planning
    4. Meeting with Pia
- What are the hurdles?
    1. Waiting on Pia to send us the rest of the product features

Date: 1/29
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
End time: 9:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Sprint Retrospective
    2. Sprint Review
    3. Sprint Planning
- What is planned to be done until the next scrum meeting?
    1. Begin List Office Space User story

          2. Demo with Sadjadi
- What are the hurdles?
  - 1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
  - 1. Sprint Retrospective
  - 2. Sprint Review
  - 3. Sprint Planning
- What is planned to be done until the next scrum meeting?
  - 1. Begin View Office Space User story
  - 2. Demo with Sadjadi
- What are the hurdles?
  - 1. None

Date: 2/01
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
  - 1. Demo with Sadjadi
  - 2. Began list an office space use case and sequence diagram
- What is planned to be done until the next scrum meeting?
  - 1. Continue working on use case documentation
  - 2. Add my extra use case Sadjadi assigned me to mingle
- What are the hurdles?
  - 1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
  - 1. Demo with Sadjadi
  - 2. Began forgot password use case
- What is planned to be done until the next scrum meeting?
  - 1. Continue working on use case documentation
- What are the hurdles?
  - 1. Have to separate everything from our project in google docs

Date: 2/02
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
End time: 9:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
     1. Finished list an office space use case, sequence diagram, and class diagram
- What is planned to be done until the next scrum meeting?
     1. Begin coding my user story
- What are the hurdles?
     1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
     1. Finished forgot password use case, sequence diagram, and class diagram.
- What is planned to be done until the next scrum meeting?
     1. Begin coding forgot password user story
- What are the hurdles?
     1. None

Date: 2/03
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
     1. Began coding list an office space user story
- What is planned to be done until the next scrum meeting?
     1. Continue coding the backend
- What are the hurdles?
     1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
     1. Began coding forget password user story
- What is planned to be done until the next scrum meeting?
     1. continue coding forget password user story
- What are the hurdles?
     1. None

Date: 2/04
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
End time: 9:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Backend coding of list an office space
    2. Created the UI
- What is planned to be done until the next scrum meeting?
    1. Continue coding list an office space
- What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Continued coding forget password user story
    2. Implemented email for the password reset
- What is planned to be done until the next scrum meeting?
    1. Continue coding forget password user story
- What are the hurdles?
    1. None

Date: 2/05
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Continued coding list an office space user story
    2. Set up geolocation with google maps API
- What is planned to be done until the next scrum meeting?
    1. Continue coding list an office space
- What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Finished coding Forgot Password user story
- What is planned to be done until the next scrum meeting?
    1. Unit and integration tests
- What are the hurdles?
    1. None

Date: 2/08
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Coding list office space front end
- What is planned to be done until the next scrum meeting?
    1. Continue coding list an office space front end
- What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Unit and Integration tests for forget password
- What is planned to be done until the next scrum meeting?
    1. refine sequence and class diagrams
- What are the hurdles?
    1. None

Date: 2/09
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
End time: 9:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Finished front end for list an office space
- What is planned to be done until the next scrum meeting?
    1. Unit tests for list an office space
    2. Refine diagrams
- What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Finished all testing for forget password
    2. Sequence and class diagrams for List an Office Space.
- What is planned to be done until the next scrum meeting?
    1. Begin front end for view an office space user story
- What are the hurdles?
    1. None

Date: 2/10
Attendees: Rachelle Tobkes, Daniel Alvarez

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1.Designed the UI for View an Office Space
- What is planned to be done until the next scrum meeting?
    1. List an Office Space backend.
- What are the hurdles?
    1. None

Date: 2/11
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
End time: 9:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Incorporated GridFs and multer in the project
- What is planned to be done until the next scrum meeting?
    1. Testing
    2. Update Documentation
    3. Sprint meetings
- What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Researched gridFS to insert and extract large images from MongoDB.
- What is planned to be done until the next scrum meeting?
    1. Coding List an Office space backend
    2. Sprint meetings

- What are the hurdles?
    1. Trying to finish 2 user stories in one sprint.
Date: 2/12
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 2:30PM
End time: 3:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Sprint meetings
- What is planned to be done until the next scrum meeting?
    1. Sprint planning
    2. Defining tasks
- What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Sprint meetings
- What is planned to be done until the next scrum meeting?
    1. Coding List an Office space backend
    2. Sprint planning
    3. Defining tasks
- What are the hurdles?
    1. Trying to finish 2 user stories in one sprint
    2. Still working on View Office Space backend

Date: 2/15
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Search use case documentation
- What is planned to be done until the next scrum meeting?
    1. Sequence and class diagrams
- What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Review an Office Space use case
- What is planned to be done until the next scrum meeting?
    1. Sequence diagram
    2. Class diagram
- What are the hurdles?
    1. None

Date: 2/16
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
End time: 9:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Search user story diagrams
- What is planned to be done until the next scrum meeting?
    1. Begin coding Search front end
- What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Review an Office Space diagrams
- What is planned to be done until the next scrum meeting?
    1. Begin coding front end for my user story
- What are the hurdles?
    1. None

Date: 2/17
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Designed UI for search
    2. Began frontend
- What is planned to be done until the next scrum meeting?
    1. Input validation for search
- What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Designed UI for leaving review/rating
    2. Created database collections
- What is planned to be done until the next scrum meeting?
    1. Continue working on the code for my user story
- What are the hurdles?
    1. None

Date: 2/18
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
End time: 9:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Began working on backend for Search
    2. Input validation completed
- What is planned to be done until the next scrum meeting?
    1. Continue working on the backend
- What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Coding Review Office Space
- What is planned to be done until the next scrum meeting?
    1. Continue working on the code for my user story
    2. Come up with a way for users to rate office spaces using stars
- What are the hurdles?
    1. None

Date: 2/19
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Coding the backend for Search
    2. Phone call with Pia
- What is planned to be done until the next scrum meeting?
    1. Continue working on the backend for Search
    2. Refine diagrams
- What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Added star rating to review office space
    2. Phone call with Pia
    3. Created Review model and methods to calculate the average rating
- What is planned to be done until the next scrum meeting?
    1. Finish coding backend for Review office space
    2. Unit testing
- What are the hurdles?
    2. None

Date: 2/22
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Created methods to retrieve nearby office spaces
- What is planned to be done until the next scrum meeting?
    1. Update UI to display search results
    What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Finished coding Review an Office Space
- What is planned to be done until the next scrum meeting?
    1, Unit testing
    2. Diagrams for View Office Reviews/rating

- What are the hurdles?
    1. None

Date: 2/23
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
End time: 9:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Bug fixes to data retrieval
    2. Updated UI to display search results
- What is planned to be done until the next scrum meeting?
    1. Bug fixes
    2. Refine diagrams
  What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Set up unit and integration tests
- What is planned to be done until the next scrum meeting?
    1, Finish up the testing
    2. Diagrams for View Office Reviews/rating
- What are the hurdles?
    1. None

Date: 2/24
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Fixed bugs
    2. Began adding search filters
- What is planned to be done until the next scrum meeting?
    1. Testing
  What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Unit tests completed

        2. Began coding View Office Space Reviews/Rating
- What is planned to be done until the next scrum meeting?
    - 1, Finish up Integration testing
    - 2. Finish up my second user story
- What are the hurdles?
    - 1. None

Date: 2/25
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
End time: 9:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    - 1. Unit testing
- What is planned to be done until the next scrum meeting?
    - 1. Integration testing
    - 2. Sprint meetings

    What are the hurdles?
    - 1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    - 1. Finished coding view office space Reviews/Rating
    - 2. Unit testing
    - 3. User manuals
- What is planned to be done until the next scrum meeting?
    - 1, Integration testing
    - 2. Sprint meetings
- What are the hurdles?
    - 1. None

Date: 2/26
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Sprint meetings
- What is planned to be done until the next scrum meeting?
    1. Demo preparation
    2. Demo to Sadjadi
    3. Begin next user story and sprint
  What are the hurdles?
    1. We need to break up future user stories into smaller parts

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Sprint meetings
    2. Integration testing
- What is planned to be done until the next scrum meeting?
    1, Demo to professor Sadjadi
    2. Begin next user story and sprint
- What are the hurdles?
    1. None

Date: 2/29
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 6:30PM
End time: 7:00PM

Student1: Daniel Alvarez
- What was done since the last scrum meeting?
    1. Filter Results use case and use case diagram
- What is planned to be done until the next scrum meeting?
    1. Sequence Diagram
    2. Class Diagram
  What are the hurdles?
    1. None

Student2: Rachelle Tobkes
- What was done since the last scrum meeting?
    1. Make an Offer use case and use case diagram
- What is planned to be done until the next scrum meeting?
    1. Sequence and class diagrams
    2. Start preparing for presentation

- What are the hurdles?
    1. None

Date: 3/01
Attendees: Rachelle Tobkes, Daniel Alvarez
Start time: 8:30PM
